

TECHNICAL QUESTIONNAIRE

Client: _____ Specialist: _____

Address: _____ Phone: _____

E-mail: _____ Fax: _____

1. PRODUCT DATA

Product: _____

Kind of fraction: granules sand
 flakes powder

Bulk density: _____ kg/m³ Humidity: _____ %

Size of fraction: from _____ up to _____ mm Temperature of batching: _____ °C

Properties: loose sticking bridge-forming raising dust
 abrasive hygroscopic explosive toxic

Additional information: _____

2. PRODUCTIVITY

Filling up accuracy: _____ %

Required productivity: _____ bags/hour, weight of a doze _____ kg
_____ bags/hour, weight of a doze _____ kg

3. BAGGING

Type of a bag: open mouth bag Valve bag

The sizes of a bag: length _____ mm,
width _____ mm.

Material of a bag: _____

Closing of a bag: sewing sealing gluing together

Necessary quantity of the Gross Weigh Scales _____

Planned start-up date of the plant: _____

SEAL
